...over, last weekend and plan to  
question him again Friday.

The spokesman said the  
report, termed a "sensational  
story" by a wire service, ap-  
parently was revealed in New  
Orleans.

Cummings reportedly told his  
investigators that he picked  
up Oswald, Ferrie and an un-  
identified man in his cab early  
in 1963. He said he took  
them from near Jack Ruby's  
Cliff apartment to Ruby's  
town strip club.

The cab driver reportedly said  
he earlier drove Oswald from  
Downtown Dallas to Irving.

Ferrie, a New Orleans pilot,  
was linked to an assassination  
plot by Dallas police in the  
of New Orleans. Ferrie was  
found dead Feb. 22 and a court  
later ruled he died of nat-  
ural causes.

Cummings reportedly con-  
sulted Garrison and said he re-  
cognized a picture of Ferrie as the  
man in his cab. The Dallas city  
attorney's office spokesman  
did not disclose why Cummings  
waited three years to report the  
incident.

Dist. Atty. Henry Wade said  
last week that his investigators  
had questioned several people  
who claimed to have witnessed  
linking Oswald and Ruby. Wade  
said he suspected the Oswald  
may have been riding in the  
plane, but he knew of no link  
with any person or group.
